## *The Engeye Scholars Program Is Proud to Introduce 7 New Scholars!*

We are proud to announce the addition of 7 new Engeye Scholars! We are delighted to welcome the following scholars to our program: Hamuza (age 14), Josephine (age 14), Mary (age 16), Rehenna (age 12), Rose (age 14), and Siifa (age 12) and Waswa (age 9). They will join our current 14 Scholars on this incredible journey of empowerment through education. Please check out the updates on all 21 of our scholars on our website and the on-line photo albums. We know that 2011 will be an exciting year as we continue to watch our Scholars grow, work and embrace all of the opportunities that come along with a quality education. It is reassuring to know that they have their own support team cheering them on every step of the way. We couldn't do this incredible work without YOU!

## *Our Current Scholars Continue to Thrive*

*"This year has been a great year for our Scholars, their respective families' and the entire Engeye Scholars' community. I am so pleased with their overall performance at School. I*

*would like to take this opportunity to extend our (children, families and community) gratitude for the sponsoring families, the board and all the well-wishes of the organization for what you have given to this generation. The future for this community is bright. WEBALE NNYO NNYO DDALA " (thank you so much indeed) "*

*John Kalule, Co-founder Engeye Health Clinic and*

*Ugandan Administrator of the Engeye Scholars Program*

## February 2011 Visit to Uganda

HAPPY  
NEW YEAR  
FROM ALL  
YOUR  
FRIENDS  
IN  
DDEGEYA  
VILLAGE

Engeye Scholars and the entire village of Ddegeya Village is grateful for your gift of education. Theresa, co-founder of Engeye Scholars, will be traveling back to Ddegeya Village this February to spend valuable time with the Scholars, tour the schools, meet with teachers and administrators and meet with the families of the Scholars. We continue to work

to provide the best program possible for all of our scholars. During the February trip we will keep you updated by email and website posts.

Elias, Wilbur, Jeffrey, Sadat, William, Gyavira

## Engeye Scholars Donors sponsor Christmas Party for Children of Ddegeya

Massy, Immaculte Nabuuma, Jessica, Flavia, Immaculate Nassiwa

Josephine, Bena, Harriet and Friend

Some of our Engeye Scholars donors decided to donate funds to sponsor a Christmas party for the Scholars and the children of the village. On December 12th, the Scholars and the village children came together to celebrate the Christmas holiday. The party was scheduled for 2:00 but the children were so excited they arrived hours early to ensure that they didn't miss one minute of the party. All the children arrived in their best clothes and the excitement was so great that John showed an early movie to keep those who arrived hours early happy and entertained. Over 100 children arrived at Engeye Clinic and they shared movies, joy, laughter, soda, cake and pencils were given as a small gift. The sense of community was evident in the joy felt by both the volunteers and the children—it truly was such a special day! We hope this will become an annual event sponsored by the Engeye Scholars Program.
